THE FISCAL COURT.

Valuable Improvements Outlined and the County Enters a New Era.

GOOD, SOLID ROADS WILL BE BUILT.

The Fiscal Court adjourned last Friday afternoon after being in session from Tuesday morning, and from start to finish, so far as we were able to observe, did its duty in a fair square manner, meeting every proposition that came before it in a manner well befitting competent men who have the good of the county at heart. As is usual, the many claims for aiding the poor, working roads, etc., were presented and allowed after finding same to be just. In matters affecting the future welfare of the county, some important steps were taken, but taken cautiously and discreetly. The advocates of good roads are feeling jubilant since the court gave an evening to the citizens to express their views and to aid in developing a plan by which to accomplish the building of macadam roads. After due deliberation a levy of 20 cents was made for this purpose and which means that at least a few miles of road will be built this year, the plan yet to be determined. The court also decided to buy a farm for the purpose of keeping all county charges for less money to the county and more comfort for the unfortunate. In this as in the move for stone roads, we believe an important step has been taken. The levy for ordinary county expenses including a sum to be invested in buying a farm and erecting buildings, foots up to cents on the \$100. A committee to find a suitable farm, and one to inquire into the best methods of road making was appointed and will be in position to report in a few weeks. The sum total cannot now be given by us but, with no discredit to former courts of this kind, we believe that the present set of Magistrates and entire membership of the court combined has given more evidence of progress than any similar body that ever convened in Adair county. The entire makeup are men of good judgment, and their start shows them in touch with the progressive spirit of our times. This paper is in full accord with the plans and actions of the court, and stands ready to aid in the good work outlined and undertaken.

In this issue Coffey Bros., advertise their fine horse, Lincoln Squirrel, and your attention is directed to it if in any way interested in raising high class horses. His pedigree shows him to be equal to the best in the entire state, and as an individual he can be seen in their stable any day. Coffey Bros. are too well known throughout this country to need comment or recommendation from us, for in all their experience they have dealt strictly on the square, and have sold only what stock as could be well patronized in any section. In the makeup and breeding of Lincoln Squirrel they are convinced that they never had his equal, and in view of this they solicit the patronage of their many friends who desire to raise good horses. Read the advertisement.

Mr. C. H. Murrell, a representative of this paper, was in Monticello, Burnside, Somerset and Liberty last week. At Monticello he found business fairly good, though but little work was doing in the oil fields on account of wet weather. There is much talk in Monticello of a railroad striking the town, and the people have a great deal of faith in the project. He found Dr. J. H. Grady and family well. At Burnside and Somerset he met a number of acquaintances and his stay at both places was made pleasant and profitable. Circuit court was in session at Liberty and Judge Baker was dispatching business rapidly. The people of Casey county are very enthusiastic over the prospects of a railroad, and her citizens believe that the iron runs will be flowing through the county at an early day.

The Committee on Arrangements and the Committee on Program for the "Home Coming" were are requested to meet in the office of the Adair County News next Thursday evening at 7:30 o'clock. This will be an important meeting and it is hoped that all the committee will attend.

J. B. HENDMAN, CHAIRMAN.

DIED AT 81 YEARS.

Thos. J. Morrison was born and reared in Adair county, his home being near Milltown. About ten years ago he removed from this county to Summer Shade, Green county, where he died the 25th day of March, with afflictions incident to old age. He was a devout member of the Cumberland Presbyterian Church and had been for more than fifty years. His wife who survives him, is 72 years of age, but is afflicted, and since the death of her husband she has made her home with her son, Charley. The deceased was the father of Mr. James and Mr. John Morrison, of this place, both of whom attended the funeral services, which were conducted at the late residence by Rev. Scott, of the Baptist Church, a large number of relatives and friends being present. After religious services the remains were interred in the Coffey burying ground, near where the end came. The deceased was a man respected by all his friends and will be greatly missed, not only by the aged wife and children, but by many friends. The surviving members of the family return their heartfelt thanks to all those who kindly administered to the deceased during his long illness.

VINCENT DOCKERY.

Three weeks ago the News announced that Mr. Vincent Dockery, of Jamestown, had met with a stroke of paralysis and was lying in a critical condition. He lingered until Sunday night of last week, when death ended his suffering. He was about sixty years old and was a good citizen. He had been Jailor and Deputy Sheriff of Russell county, making an excellent officer. He was a brother of Mr. Simcoe Dockery, who is the President of the Bank of Jamestown. For years he had been an honored Mason and was buried by the Fraternity.

CIRCUIT COURTS.

The following dates show that their has been a change in the time of holding the courts in this district. The order in which they now come is: Adair, 3rd Monday in January, May and September.

Metcalfe, 1st Monday in February, June and October.

Moore, 3rd Monday in February, June and October.

Casey, 1st Monday in March, July and November.

Cumberland, third Monday in March, July and November.

Sunday night April 1st, 1906, at the midnight hour, Mrs. E. J. Burress, died at her late home at Elkhorn, Taylor county. She was 71 years old and was afflicted several months before her demise. She was an excellent Christian lady a member of the Presbyterian Church for 55 years. She leaves several children. Mr. G. P. Burress, of this place, being one of the number. The interment was in the Elkhorn cemetery, many relatives and friends being present.

JUST RECEIVED.

Mrs. Tim Bradshaw, has received her stock of millinery, the nicest line she has ever offered to the public. The goods were selected by Miss Effie Bradshaw, who has been in the market two weeks. Ladies are invited to call, satisfaction guaranteed.

21-31 MRS. TIM BRADSHAW.

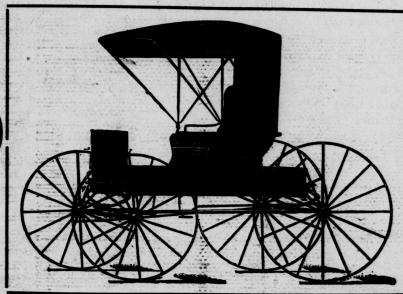

Dr. U. L. Taylor, the health physician, has given notice to the citizens to put their premises in a good sanitary condition. The notice should be heeded promptly, so that when hot weather sets in the town will be in condition to fight a contagious disease should a case make its appearance. The Municipal Board should at once turn its attention to the streets and alleys.

Mr. C. C. Henson, who has been confined to his room since the first of January until a few days ago with a bone felon, was in town Saturday. Mr. Henson is not yet well and it will be a long time before he will have the full use of his hand. In all this country there has never been just such an experience with a felon, and he is a happy man to know that he has so far recovered. His many friends here were glad to see him.

The Standard Saw-Mill Company, of Buffalo, N. Y. has opened a lumber yard at this place and is now ready to receive lumber. The place of business is in a two-acre lot on the Campbellville pike, just beyond the bridge. The business is managed by Mr. B. F. Rakestraw, and E. H. Newberry, has charge of the yard. This enterprise will pay out thousands of dollars, adding greatly to the business of Columbia.

Miss Fay Cain, daughter of Mr. Silas Cain, died at her late home, near Glenville, last Sunday night. She was fifteen year old, a victim of consumption. She received the best of attention during her long illness, being a favorite of the family. The interment was in the Helm-grove-yard, a number of relatives and friends being present.

Miss Lina Rosenfield entertained last Saturday evening to a chafing dish party, in honor of Miss Mary Richie, of Burkesville. Other present: Misses Hattie May Penland, Margaret Taylor, Daut Marcum, Jean Duncan, Nina Marcum; Dr. and Mrs. C. M. Russell, Prof. R. E. Seay, Prof. Ohlenmasher, Mr. Jo Russell, Mr. Jas. Hughes, Dr. R. Y. Hindman and John Lee Walker. Welch rare bit and cream oysters were served and the evening delightfully spent.

The Methodist people, members of the church at this place, are thinking seriously of erecting a new building in which to worship, the old church being too small to accommodate the growing congregation. It is our understanding that a committee has been appointed to secure funds, and if a new building is erected it will be a brick structure.

The Shipp murder trial is now on at Campbellville. The Jury was selected from two hundred Adair county citizens. It will probably take all the week to conclude the case. It is our understanding that seventy-five witnesses have been summoned. It is also said that some sensational testimony will be introduced for the defense.

The principal of the college at Maryville, Tenn., an institution in which Mr. Reed Shelton is finishing his education, sends Reed's mother, of this place, monthly reports of her son's progress. Last month's report gave him 80 in Greek and there was but little difference in the grades of his other studies. Reed is an excellent young man and his progress in college is not only gratifying to his mother, but all his Columbia friends.

The School census are being taking all over the county. There are ninety-two common schools in Adair, seventy-nine white and thirteen colored.

Miss Kate Walker, entertained last Thursday evening in honor of her cousin, Miss Margaret Walker, of Neth. Refreshments were served and delightful music rendered.

Capt. W. W. Bradshaw, purchased from the Harmon heirs last week the house on the public square in which Bradshaw & Jones are conducting their undertaking business, for \$700.

The second motor-car arrived last Thursday afternoon, and two machines are now running between this place and Campbellville. The last car is a twelve passenger, but its power is greater than the eighteen passenger.

Misericord Conditions.

Of body and mind, always result from a torpid liver, which leads to bile poisons being absorbed into the blood, and poisoning all the nerves and tissues. This dreadful state, some of the symptoms of which are headache, bitter taste, nausea, lack of appetite, yellow complexion, constipation, etc., can be quickly cured by taking Dr. Caldwell's (taxative) syrup Pepsin. It relieves the strain on your liver, relaxes the tightened bowels, purifies the blood, strengthens the stomach, and makes it as clean as a whistle. The result is perfect health, and freedom from pain and discomfort. Try it. Sold by Dr. J. N. Page, Columbia, Ky., and Page & Moore, Cane Valley, Ky., at 50c and \$1.00. Money back if it fails.

An exchange prints the following recipe for maple syrup which it guarantees will make a first-class imitation which is hard to tell from the real stuff: Soak ten medium-sized corncobs in five quarts of cold water for one hour, then boil thirty minutes; strain and add to the liquid six pounds of light yellow sugar, bring slowly to the boil, then boil briskly until thick as desired. If you want to make a better quality and palm it off on your friends as the real goods from Buffalo Trace, add a little maple and four pounds of brown sugar.

DEPARTED.

The following tribute is from the Honey Grove, Texas, Signal.

Mrs. Daily was born in Columbia, Ky., November, 22, 1838; moved to Texas with Mr. and Mrs. B. S. Walcott in 1857, died March 27, 1906. She was a life-long member of the Methodist church and her funeral was conducted by Revs. S. C. Riddle and F. A. Rosser on the 49th anniversary of leaving her old home in Kentucky.

Tuesday night at 10 o'clock one of the purest and best women it has ever been our lot to know answered the summons from the better world and closed her eyes forever upon earth and its sorrows. Mrs. A. B. Dailey, the subject of this sketch, stands out in the writer's mind as the embodiment of all that is best in human kind, and from knowing her we can build for humanity a higher ideal and almost trace a direct line from the human heart to heaven's golden gates. Here was indeed a sunny nature, and it lighted up every life with which it came in contact with sunnier smiles, and bade the clouds resting on many a soul give away to glorious sunshine.

Generally speaking we are not given to eulogies of the dead, but we do not feel that we can allow a life so pure in purpose and so gentle to close without pointing it out to the living as a type of the possible, that all may erect more altruistic ideals of God's creatures. She was a woman of frail body, but strong mentality, and a heart that thought no evil of anyone. She was one of our country's pioneers, moving to this section when a child, and living within the limits of our little city for nearly half a century. A pioneer, she shared all the pioneer's hardships; she lived through troublous times and perhaps her heart was pierced as frequently and as cruelly by the darts of sorrow as any that ever met the vicissitudes of life. But, in spite of sorrows, in spite of pain which was a constant guest, she was ever an angel of mercy and gladness to others, and for the gall of bitterness the earth so often gave to her, she gave in return the oil of joy.

A near neighbor for many years, it was our privilege to study this beautiful character, and in every expression and deed it seemed to us that we could discern the touch of the divine. We never knew her to speak ill of any person and, judging her by deeds, and by thoughts and wishes expressed, we do not believe she ever entertained an unkindly feeling toward any one. And such a sympathetic nature we have never found in any other. Well does this writer remember when for many weary weeks he looked upon this earth only as a fading shadow, counting all of life behind and only a few weeks at best before—when poverty pointed with bony finger to the almshouse or charity—when pain and despair brooded over his waking hours and disturbed his sleep—well does he remember the sympathy, encouragement, and hope from this angel of mercy, who ministered in word and deed.

Much should be written of this noble, good woman, but an abler pen than ours must pay tribute to her beautiful, unselfish life. At the age of 70 she fell asleep and earth was robbed of her pure spirit that heaven's world of love might be enriched. There are sorrows and tear-stains here because she is no more; there is rejection, heaven because she has entered into the rest prepared for gentle spirits like her own.

And who but God can value such a life—a life of sunshine, of mercy, faith, peace, hope and love! Who has given so much to the world as this good woman who suffered all her own sorrows and pains in silence that she might wipe away the tears of others and carry balm to wounded hearts!

"No radiant pearl that crested fortune wears, No gem that twinkling falls from beauty's ears, Not the bright stars which night's blue eyes adorn."

Not rising sin that gilds the vernal morn, Shine with such lustre as the tear that flows Down victor's lovely cheek, for others' woes."

A Badly Burned Girl

or boy, man or woman, is quickly out of pain if Buckner's Arnica Salve is applied promptly. G. J. Welch, of Tekonsha, Mich., says: "I use it in my family for cuts, sores and all skin injuries, and find it perfect." Quickest Pile cure known. Best healing salve made. 25c at T. Paul's drug store.

He who gets without giving, dies without living.

Great Activity

Is shown without any disagreeable after effects, by Dr. Caldwell's (taxative) Syrup Pepsin, in going to the seat of your trouble, when you are a victim of Constipation, Biliousness, Headache, Indigestion, Dizziness, etc. It gently but firmly drives out the poisons that are causing your illness, and braces up all your internal organs to do their proper work. Try it. Sold by Dr. J. N. Page, Columbia, Ky., and Page & Moore, Cane Valley, Ky., at 50c and \$1.00. Money back if it fails.

WHAT IS LIBEL?

If the laws governing words or charges which are put in writing, should be made applicable to words spoken, there would be few men and women who would escape the pains of the law. But the statutes are diverse on the subject and the question: "What is libel?" is the pertinent and interesting question. It is reasonable and sound to define libel as a written or printed statement designed to do injury to some person and published with malicious intent, for malice is the essential element of libel.

Libel is the one thing the reputable newspaper seeks to avoid, for the publisher of that class of newspapers not alone appreciates the public support he receives, but is careful of the reputation and the character of the individual units making up the sum total of the community in which he publishes his paper.

There can be no malice in a mistake. Neither can there be malice on the part of a newspaper in the publication of the news, if of public interest to a community, provided the usual and the ordinary means of verification are employed in the investigation of the item—and yet, as in remarks made by individuals, the reputable newspaper sometimes is imposed upon or is mistaken—but there has never yet been an instance where the reputable citizen, or the reputable newspaper, has not hastened to make all due reparation possible, and to place the parties affected in their proper light before the community and in a manner as public and conspicuous as was given to the item containing the mistake.

It is not given to this man to go through this life without mistakes accompanying his walk; neither is it possible for the newspaper to go through its career without falling into error at times—but the errors are always regrettable and haste is always made to do that which the circumstances of the case require.

Of course, that sort of acknowledgement fails to suit the damage suit lawyer or the ambulance chaser, but it is a course which commends itself to a discriminating community and always will.—Owensboro Messenger.

A FAIR COUNT.

In an interview at Washington Senator James McCreary says he is confident of re-election, whether Gov. Beckham is a candidate against him or not. "With a fair count," said he, "I am sure I will be returned to the Senate." The inference to be drawn from this is that the State machine may endeavor by improper methods to defeat him. Speaking of the Senatorial aspirations of Governor Beckham he said: "I have received letters lately from every part of Kentucky, and I am satisfied that the Democrats of my state will elect me for a second term. I have already announced to my friends that I shall be a candidate for one reason that almost without exception Democratic Senators have been given two terms, and often three terms in our State. I have always tried to be a faithful and efficient officer whenever the people of Kentucky have honored me with office. I am therefore sure of re-election with a fair count."

Happiness consists largely in learning to get along without things we think we need.

A cistern must be supplied before it can give, but it does not have to wait until it is filled.

WILLIAMS AND THE SOUTH.

The passage of the National Quarantine Bill by an overwhelming majority of the House is regarded as a personal victory for John Sharpe Williams. It is more than that, it is in a double sense a victory for the South, first in the establishment of the fact that the South has come to recognize that it is a part of the National Government, and as such, is entitled to her share in the benefits of the National Government; and, second in the material and immediate advantage that will come to the South if the bill passes the Senate and "becomes law."

The Williams Bill is the product of the Southern Quarantine and Immigration conference held in Chattanooga in November. It was Williams who brought an end to the inter-State jealousies of Louisiana and Mississippi and put a finish on the talk about State rights, which had as its object the cutting off of the Southern States from their actual rights for fear that their imaginary rights would be assailed.

If the law goes into effect it will save the South thousands in commerce, and scores of lives. It will put an end to the disgrace brought by demagogues who seek the critical occasion of epidemic peril to exploit themselves at the threatened peril of their own and their sister States, and it will mean that the South has got back in the Union for the good of the South and the Union. It is a bill that should pass.—Louisville Times.

Young man, one of the worst things you can do is to become a candidate for office and if you do make the mistake of becoming a candidate the best thing that can happen to you is defeat. If elected, your mind drifts away from your calling and you begin to plan and scheme for holding the place you have or securing a better one. The chances are ten to one that you will never turn loose the public beat until the people beat you off with a club, and then you'll find yourself out of line for other work as well as unprepared. Count it all gain when you are defeated at the ballot box.

D. and S. RAILROAD.

The incorporation of the Danville and Scottsville Railroad Company encourages the hope, if not the belief, that the road will be built. Since the project was first suggested the citizens of Danville have given the question some thought and now realize that the construction of the road would be of great benefit to this community. Danville's importance as a railroad center would be a very much enhanced by the entrance of the new road. It would thus be the terminus of the Danville and Scottsville railroad, a terminal of the Southern Railway in Kentucky, and one of the principal stations on the Cincinnati Southern. As a junction point it would be the most important on the line of the Cincinnati Southern. That would mean a vast increase in the amount of business done at Danville in freight and passenger transfers, the erection of railroad shops, and the employment of a large force of men. These employees and their families would swell our population and the merchants and the entire community would profit by this growth. The construction of the proposed road would make Danville a competitive point thus enabling it to secure the lowest freight rates. With low freight rates and an inviting field for business wholesale houses would

spring up and Danville would soon be the distributing point for all kinds of merchandise. The Danville and Scottsville railroad is the most attractive proposition in the railroad line that has been presented to Danville in many years.—Danville Advocate.

TO MAKE A TOWN BEAUTIFUL.

The following set of practical measures have been determined upon by the members of the civic league of Ingram, Pa.: We will have no dirty back or front yards about our home, and we will by example and help endeavor to have our neighbors clean up.

We will plant American hardy trees shrubs and vines, and grow clean grass wherever we can, and will help our neighbors to do likewise.

We will join cheerfully, as far as our resources permit, in organized efforts for clean and beautiful streets and highways, and will help any movement for parks and playgrounds with which we may come in contact.

We will endeavor to protect trees from the unthinking attack of electric poles and will not permit the setting of electric poles except in extreme cases, and then under rigid safe guarding of trees and landscape beauty.

We will oppose the erection or the continuance of the objectionable advertising signs and will assist in their removal by kindly argument.

Finally, we will consider outdoor beauty as worth while and as economically justified and will try to have the children of Ingram grow up in a greater love for the natural beauties of their surroundings.

STILL AFTER HUNTER.

Washington, April 4.—Commissioner Green has gone to Louisville to investigate W. Godfrey Hunter, who is charged with collecting money from Federal officeholders to make his last race for Congress. Commissioner Greene, who will arrive in Louisville this afternoon, has declined to make any statements as to what his Department has ascertained during the investigation which has been in progress for several weeks.

Representative Edwards, who defeated Dr. Hunter in the race in which the latter is alleged to have violated Civil Service laws in collecting money, is apparently taking no part in the investigation. It is understood here that George Jolly, of Owensboro, is back of the movement. Testimony as to the check for \$100 which E. T. Franks, of Owensboro, sent to Dr. Hunter, will probably figure in the case, notwithstanding the fact that the President re-appointed Mr. Franks, knowing that the check had been given to Dr. Hunter. Mr. Franks told the President that in sending Dr. Hunter the check he was discharging a debt of gratitude to Dr. Hunter, who had advanced him money when he, Mr. Franks, was a struggling youth. Mr. Franks' loyalty and generosity as set forth, appealed to the President, it is said, and aided rather than injured Mr. Franks' cause.

Republican Congressmen are awaiting developments in the Hunter case with ill concealed anxiety. It is customary for Republican Representatives to levy assessments upon Federal employees to make their races, and they fear that if a case is made against Dr. Hunter, the practice will have to be abandoned. Commissioner Greene's apparent determination to dig out what there is in the Hunter case causes the Republicans to denounce him as a crank.

A new wrinkle in the art of hog stealing is to be credited to a well known colored man of Sonora. His name is Sip Miller. Tuesday night Sip, it is said to have gone to the hog pen of Mr. Joe Mason, where several nice hogs were being fed and having made his choice, proceeded to kill and slaughter one of the best, and deliberately carried away the meat when he had finished the job. Wednesday evening Mr. H. G. Cherry, of Star Mills, arrived with his blood hounds which were immediately put on the trail. The dogs followed the tracks to Sip's home and to the very meat box where the fresh meat was found. Sip, however, was not at home, and a sharp lookout is being kept for him.—E-town News.

THE MYSTERIOUS WOMAN AGAIN.

The mysterious woman with her pony and dogs who recently passed through this county was arrested in Larue county last Saturday, and was placed in jail at Hodgenville. It is said that she was at first charged with vagrancy, but upon displaying a well filled purse of the long green the charge was changed to that of carrying a concealed deadly weapon. She succeeded in creating a good deal of sympathy. She claims that her arrest was the result of an attack made upon her by a number of boys, but at no time did she attempt to harm any of them.

The woman says she is searching for a man who murdered her sister in Pennsylvania a number of years ago, and while she has been unable to locate him she believes he is somewhere in the central part of this State.—Lebanon Enterprise.

WHAT THE WORLD IS LOOKING FOR.

"The world today is looking for men who are not for sale, men who are honest, sound from center to circumference, true to heart's core; men with consciences as steady as a needle to the pole; who will stand for the right if the heavens totter and the earth reels; men who can tell the truth and look the world right in the eye; men who neither brag nor run; men who neither flag nor flinch; men who can have courage without shouting to it; men in whom the courage of everlasting life runs still, deep and strong; men who know their place and fill it; men who know their business and attend it; men who will not lie, shrink nor dodge; men who are not too lazy to work, nor too proud to be poor; men who are willing to eat what they have earned and wear what they have paid for; men who are not ashamed to say 'No!' with emphasis and who are not ashamed to say 'I can't afford it.'"—Macey Monthly.

THE GREATEST OF ALL IS CHARITY.

We do not know the full of each other's troubles. Just as we do not know each other's lives. We pass and repass along life's way, and in greeting say that we are "getting along all right" or that "all's well." But back behind this commendable spirit may lie trouble that gnaw eternally at the vitals of our lives. The "buried past" is not always dead, but we may leave links that may yet chain it to the living present. Therefore we should be more charitable toward each other's faults. Perhaps if you fully knew your brother's life, it would soften that hard spot in your heart that you have nursed against them. We are subject to error, to wrong-doing, to a merciless fate that sometimes seems inevitable. Let us be charitable and merciful towards all fellowbeings.—Ex.

The Adair County News.

Published Every Wednesday

BY THE

Adair County News Company,
INCORPORATED.CHAS. S. HARRIS, Editor
Democratic newspaper devoted to the interests of the city of Columbia and the people of Adair and adjacent counties.

Entered at the Columbia Postoffice as second-class mail matter.

WED., APRIL 11, 1906.

A part of every man's time, means and talents ought to be devoted to his town and his country. If such a course was pursued, Adair county would soon be proud of Columbia, and Columbia would be shouting over the great county of Adair. Close-fisted living, miserly methods and eternal criticism of those who advocate and practice liberality and progressiveness will never bring a golden harvest or make a community prosperous, nor an individual happy. The day has come when we all ought to see our duty to the public and then do it. The time is at hand when cities, counties, states and nations are reaching out for better conditions in every avenue of life. The great wave of prosperity may soon be chilled by inaction and indiscretion, and our growth and advancement dwarfed and disfigured beyond recognition unless, as a people, united and determined, we all pull together. Adair county and Columbia have enjoyed a remarkable growth within the last few years, but we cannot hope for a vigorous continuance, unless a vigorous course is pursued. To accomplish this, to keep the ball rolling, to stimulate public spirit and public confidence, united effort is necessary. In the town the business men and all lovers of advancement should meet and organize for this purpose. In the county a similar organization should be in existence. The town has many things to consider and which can only be fully accomplished by and through its public spirited citizens. The county, particularly the farmers, are similarly situated. Capital without organization is almost powerless, and to are the good wishes, the noble desires and progressive ambitions of the people. A few public spirited citizens may do much to advance the general welfare of a community, unaided by organization, but the fight can not hold out long enough and in due course of time must surrender to overpowering influences. The politician hedges in a strong organization; the crusade against vice and ignorance is backed by intelligent organization; the powerful corporations have won their greatest battles through organized efforts, yet in the face of all the past, and the successful operations of the present starting us in the face, as a county and town, we are drifting down the stream of time without employing the most effective means within our reach for advancement. The News favors a commercial club for the town, and a farmer's or citizen's organization for the county. Everything is in fine condition for bettering public conditions. It is a time for organized effort.

Quite a number have asked us whether the Dog Bill became a Dog Law. We answer in the following: The Dog bill in the Kentucky Legislature is now a Dog Law in full force in Kentucky. One dollar is the amount that will be collected from the owner of every dog, excepting puppies. You must reduce the age of your cur or foot the bill. The law was passed for the protection of sheep and not in hatred against dogs. The News gave evidence of its disapprobation of the measure while it was being considered by the Legislature, and since that time has had nothing to say about it. We never favored such a measure, although it has some good features, for the ravages of dogs in valuable flocks of sheep have been expensive to sheep raisers and have kept that business to the lowest mark, detrimental to our farmers and also to the state. Kentucky is well adapted for sheep raising and it could be made highly profitable but for the destruction by dogs. It was this view that caused it to become a law. In our opinion the law goes too far. Every family ought to be allowed one dog, and above that require a tax. The dog is the poor man's friend and the sheep raiser's enemy, faithful to one, hurtful to the other. We believe that old Ponto ought to be exempt, but he must wag up a dollar bill or pass over the river of death.

In the Western country a man who seeks to retard development and keep the old order of things in motion is called a "knocker". In Kentucky he is called a "crank". Both knockers and crackers are passing through a rough serious troubles as development and advancement are making their path stormy. Keep the ball rolling is a good motto.

COMMISSIONER'S SALE

Of Valuable Timber and Farm Lands in Adair and Russell Counties, Kentucky, Adair Circuit Court of Kentucky.

N. B. MILLER, Executor of J. P. Miller, Etc., Plaintiffs.

SARAH A. MILLER, Etc., Defendants.

By virtue of a Judgment and Order of Sale of the Adair Circuit Court rendered at the September term, 1905, in the above styled action, the undersigned Master Commissioner and Special Commissioner of said Court will proceed to offer for sale to the highest and best bidder, at Public Auction, at the Court House door in Columbia, Adair County, Kentucky, on MONDAY, MAY 21st, 1906, about the hour of 1 P. M., (being the first day of Circuit Court) on a Credit of Six and Nine months, equal installments, the Eight Tracts of land mentioned and described in said Judgment, and owned by the late J. P. Miller at his death, and described as follows:

FIRST TRACT: 130 acres lying and being in Russell County, Ky., on the waters of Crocus Creek, and where H. C. Hadley now resides. About 115 acres of rich land in a high state of cultivation, and 15 acres of fine poplar and oak timber, and the best ridge land in Russell County.

SECOND TRACT: 83 acres adjoining the first tract on the north. About 70 acres in the finest quality of poplar and oak timber, and 13 acres in cultivation. No buildings. The timber on this tract has been counted and estimated, and there are about 450 poplar trees averaging 31 inches in diameter, and about 500 oak trees averaging 26 inches, and much other valuable timber. These two tracts are known as the Todd land, and will be sold separately, and then together, and the highest bid accepted.

THIRD TRACT: 108 acres adjoining the second tract, mostly all cleared, and in cultivation, and known as to Kelsey or Rambeau place. A good home.

FOURTH TRACT: 42 acres in Adair County on the waters of Crocus Creek, and 1 mile west of Miller's Store, and known as the John Grant place.

FIFTH TRACT: 37½ acres in Adair County on the waters of Crocus Creek, and known as the O. G. Walkup place, and in cultivation.

SIXTH TRACT: 19½ acres in Russell County in the Jackson

Bottom on Cumberland River, and known as the Burrell Campbell place. A good home.

SEVENTH TRACT: 170 acres, less 5 acres sold to Bunch, in Adair and Russell Counties on the waters of Sand Lick, and known as the Nathaniel Morgan land, and just below the famous Sulphur Spring. There is much valuable poplar, oak and hickory timber on this land. Fifty dollars was refused for one poplar tree now standing on said land. One hundred and sixty-five acres will be sold.

EIGHTH TRACT: 71 acres in Russell County on the waters of Crocus Creek, adjoining the 3rd tract, and the same formerly owned by Abraham Aaron, and where Mrs. M. A. Sullivan now resides, and will be sold subject to the Homestead right of said M. A. Sullivan and her children.

Reference is made to the Judgment and Order of Sale for a more particular description of these lands. Rents for 1906 will be reserved. The purchaser will be required to give bonds with good surety, bearing six percent interest from date until paid, payable to N. B. Miller, Special Commissioner, for such uses as the court may hereafter direct, and having the force and effect of a judgment if not paid at maturity. A lien will be retained on the land as additional security. Taxes for 1906 will be paid by the Estate, and the purchasers must list and pay taxes for 1907. Purchasers must be prepared to comply with these terms immediately.

H. T. BAKER, Master Com. N. B. MILLER, Special Com. For further information write to Montgomery & Montgomery, Attorneys, Columbia, Ky.

I will also offer for sale at the same time and place and on the same terms the VALUABLE TIMBER AND FARM LANDS belonging to Mrs. Sarah A. Miller (widow of J. P. Miller) which descended to her from the McClure estate, and lying and being in Russell County, Ky., on the waters of Greasy and Clifty creeks, of Cumberland river, and about

2 to 3 miles from the mouth of Greasy creek, from which place the timber can be run to Nashville or Cincinnati, via Burnside, at small cost, as labor is cheap in that locality. 30 cents per day gets the best laborers. There are good mill and factory sites on the lands. These lands have been owned by Mrs. Miller and her kinsmen for the last 70 years and have been carefully guarded and never before the market. This is a voluntary sale and made on account of the infirmities of age and the desire of the owner to become free from the care of timber lands. Title is perfect and no encumbrance. Taxes for 1906 will be paid by the owner, and purchasers must list and pay taxes for 1907. There are 102½ acres of these lands, and will be sold in three tracts separately, and then all together, and the greatest amount accepted.

FIRST TRACT: 490 acres, more or less, on the waters of Greasy Creek, and known as the Berry Bottom, about 300 acres in timber of the finest quality, and 100 acres of rich farming land in Creek bottoms, and rents for half the grain. Thousands of barrels of corn have been sold from this farm. It is the 'Egypt' of Russell County.

SECOND TRACT: 384 acres on the waters of Clifty Creek, and known as the Kean tract, about 320 acres in timber of the finest quality, and 64 acres cleared. Here is to be found the Giant Oaks in great abundance. Right of way to graveyard reserved.

THIRD TRACT: 152 acres on the waters of Clifty Creek, and known as the Mill tract, about 82 acres in fine timber of all kinds, and 70 cleared. These lands have been surveyed recently and timber on each tract located and estimated by careful business men, and the result of the count is given below. The name of the timber, number of trees and diameter in inches from 20 inches and up, and from 12 to 19 inches inclusive, are given. Surveys, plots and estimates in detail can be seen by calling on A. H. Ballard, Columbia, Ky.

All parties interested are requested to go upon the lands and count the timber for themselves and verify these estimates. A. H. Ballard, Columbia, Ky., and A. A. Miller, Crocus, Ky., will go with parties and show the lands and boundaries, and either

of them can be reached by telephone and daily mail. This is undoubtedly the largest and finest body of timber land to be found in Southern Kentucky, and never before on the market. It has attracted the attention of lumber men for years and will pay any

man to see it. This will be the biggest sale of lands that ever took place in Adair and Russell Counties. Within the last year less than 600 acres of Adair County land sold to the highest bidder for \$38,000.

MILTON J. MURRELL,

One of Columbia's Best Citizens
Gone to his Reward.

Yesterday (Tuesday) morning at 6:40 o'clock the spirit of Milton J. Murrell went to God who gave it. He was one of the best citizens of Adair county—honest in all his dealings with his fellowmen, was a devoted husband and a kind and indulgent father. When quite a young man he made a profession of his faith in Christ, united with the Presbyterian church and was an exemplary member until the end came.

The deceased resided on a farm all his life until a few months ago when on account of his declining health he removed with his family to Columbia. The passing of this good man not only brings sorrow to his immediate family, but to many relatives and friends.

The deceased leaves a wife and six children, one brother, Mr. John N. Murrell, and one sister, Mrs. Kate Smith, of this city, all of whom have the sympathy of this entire community. The funeral services will be conducted this (Wednesday) afternoon at the Presbytery church by Rev. W. C. Clemens, assisted by Revs. Sandidge and Kasey. The interment will be in the city cemetery. Had the deceased lived until June he would have been 67 years old.

FIRST GAME OF THE SEASON.

The first game of the season between the base ball teams of L. W. T. S. and M. & F., was played on the L. W. T. S. park Saturday, April 7. The result of the game was 16 to 4 in favor of L. W. T. S.

The game was very interesting until the third inning, when the L. W. T. S. boys got warmed up, and the remaining six innings were too easy to be exciting.

Shreve, pitcher for the winning side, was given his first trial, and excellently made L. W. T. S. proud of him. He struck out nine men, and the team gave him excellent support.

Judd, the twirler for M. & F. pitched well but received ragged support. M. & F. bore their defeat manfully, and showed they were only the more determined.

Dear Sir:—Calling your attention to my "local ad" in this weeks News, you are too economical with the figures I sent you to advertise my stock of wall papers. It should read in figures one million, two hundred sixty-seven thousand, two hundred square feet. You have it 12672 square feet. If you intend to reduce my stock for me on paper, it was unnecessary. My customers realize that I have the only complete stock of wall papers ever brought to this market, and they are sending in requests for samples, and orders for paper by the score, and will reduce the present stock to that extent that I will be compelled to order another car load at once. Please change the figures to read 1,267,200 square feet in place of 12672 as you have it.

Very respectfully,
John A. Hobson.

The second of the series of Readings now in progress at the L. W. T. S. will be given Friday night by Miss Mary Williams assisted by Miss Mae Duncan as the piano.

These young ladies have been doing excellent work in their respective departments, and their program consists of very fine numbers, both literary and musical. These Readings are a delight, and show not only fine talents, but very thorough training.

The last will be given Friday night, April 27, by Miss Nina Marcum assisted by Miss Mary Williams.

PROF. PAYNE.

Prof. George Payne, of Paducah, principal of the high school and the Washington building, is appointed a director of the state normal schools by Governor Beckham. Concerning the appointment Prof. Lieb said:

"No better selection than Prof. Payne could have been made. He is conscientious as well as perfectly well qualified. There is not a better representative on the board than Prof. Payne."

Prof. Payne is the brother of Mr. C. R. Payne, Business Manager of the Lindsay-Wilson.

Mr. Leslie Powell is now conducting the business at the commission house of Mr. Sam Lewis. Mr. Lewis expects to be on the road this Spring and Summer, buying wool, glassing and other produce. He is a reliable gentleman and will pay the market price for every thing he buys.

Just as we go to press we learn of the death of Mrs. Young, the mother of Mr. J. H. Young, of this place. The end came on Green river where the deceased had resided the greater portion of her life. She was a very excellent lady and was seventy-odd years old.

FROM TEXAS.

Abbot, Mar. 16th, 1906.

Editor News: We are having a bad spell of weather just now, exceedingly disagreeable for this time of the year, and if it continues many days I fear corn will rot in the ground. Most all farm work in this section is well advanced. Wheat which survived the drouth last Fall, is looking splendidly. Oats both Fall and Spring are promising.

It has been 4 years the 12th of February since I bade farewell to good old Adair, and I notice that many changes have taken place in Columbia, which I am sure is quite an advantage to her many good citizens both in point of convenience and pleasure, but it appears that the railroad has been consigned to the back ground. I sincerely hope it may revive at some future day and the iron horse may yet neigh for the station of Columbia.

One sad thought occurs to me, should I ever visit my old home again, I could not see the familiar faces of so many of her old men, who for years were familiar figures, while a great many of my age, and some old schoolmates have paid the debt we all have to pay. One and all of the bereaved have my deepest sympathy. If you or any other Adair county citizen should ever come down here in old Hill country, be sure to inquire where James lives, and come to see the Madam and me. We can give you fried chicken most any time during the year from a flock of pure bred Brahmas as fine as you have ever seen.

Yours truly,
JAMES M. TRAYLOR.

ROWE'S X ROADS.

It has rained so much lately we have a perfect epidemic of grip in this country. Nearly everybody is sick in this corner of the earth.

Hays Coffey, has been sick some time with rheumatism and kidney trouble.

A record breaker: Uncle Sargent Green McKinley is 80 years old, Aunt Rachel, his wife, is 82 years old, they have been married 62 years and the father and mother of 8 children—4 boys and 4 girls—all living. Grand children 72, 9 of this number dead; great-grand children 51, 2 of this number dead. Adair County News beat this if you can. These old people are keeping house by themselves on their son-in-law, Steave Antle's farm on Cabin Fork in Russell county. They have been members of the Baptist church for many years. If you want to hear a good joke go to Uncle Green and he will give you one.

WHITWRIGHT, TEXAS.

DEAR MR. EDITOR.

As our mind tramps back to our Old Kentucky Home around Gradyville and Sparkesville, we feel impressed to write a few words as we appreciate The News so much, for we hear from all our old friends in Kentucky and others that have scattered over nearly all the United States.

Well, I like Texas. It is a rich country where we live but land has advanced so high that it takes a great deal of money to buy any thing like a good farm. Land ranges from \$50 up to \$100 per acre. We are having a very late Spring on account of so much rain. Wheat and oats look very well, a few farmers are done planting corn while others have not begun. W. L. MOONYHAM, R. F. D., No. 6, Box 50.

Fervy Democratic primary held in Missouri this year has resulted in polling a larger vote than was polled in the general election of 1904. This may be an indication that Missouri Democracy is content in defeat but it looks mightily like an uplift that will result in victory in November. Incidentally, the fact may be accepted as evidence that the Democracy of the state approves of law enforcement.

Attorney-General Hadley seems to have been successful in his hunt for the Standard Oil octopus. Now it is up to the courts to put the octopus out of business. The Attorney General of the United States might get busy, also, and send a few of the officials of the concern to jail. He has the power under the Sherman anti-trust law to do it.

The few days of sunshine and showers of last week has put a different appearance on our meadows and pastures.

We never had a better prospect for a fine peach crop in this section than we have at this time.

Mrs. John Bell, of Nell has been visiting her daughter, Mrs. S. A. Taylor, for the past week.

Miss Pearl Hindman spent last Saturday night with Miss Bessie Walker, of our city.

Mr. J. M. Wilson informed your reporter that during the winter months his dogs put six foxes up trees. That goes to prove that his dogs are the fastest in the country.

Mr. W. P. Flowers has formed a partnership with Willie Moore at this place and the above firm will be ready to do any kind of carpenter's work, and we understand they will be in the undertakers business also.

G. T. Flowers and G. E. Nell returned from New Mexico a few days ago. They are well pleased with the prospects of that country. Both have filed claims.

Mr. Thos. Yates and wife, of Metcalfe county, spent several days of last week at the bedside of their sick daughter, Mrs. Lum Hill, who has been in a critical condition for several days.

Miss Pearl Hindman's school closed last Tuesday. Miss Pearl, as it is known, is one of the best teachers in the county, and it is not worth while for me to make any comment on her teaching for she knows exactly what to do in the school room.

BLISS.

Garland Grisson, of Columbia, was here one day last week.

Miss Virgie Tupman, of Cane Valley, is visiting Mrs. C. M. Herriford.

Misses, Ella Mae Flowers and Flora Hutchinson, of Columbia, spent several days pleasantly with Mrs. M. L. Grissom.

Mrs. Sarah Flowers and daughter, Miss Carrie, of your city, were with the family of S. H. Mitchell, visiting, the past week. Miss Flowers went thence to Edmonston to work in the phone exchange there.

Miss Jimmie Conover is suffering with erysipelas on the face.

T. R. Price and wife are on the sick list although Mrs. Price is somewhat improving.

J. A. Miller and John Penny-cuff, who have been in the clutches of grip for some time, are both better.

Dr. W. T. Grissom sold a good work mule to Bolls, Finn for \$85.

The growing grain crops and grass have sprung wonderfully since the change in weather.

Farmers have been pushing out and grass seed sowing and turning corn ground.

The air is now being pervaded with sweet fragrance of blooming trees where all the honey bees are in a whirl.

Mrs. Jas. Patteson, who has been on the sick list the past week is getting on the stage of action again.

Rev. W. H. C. Sandidge, wife and daughter, Miss Trannie, attended Presbytery in Hart county.

Mrs. Round's class will give an entertainment on the 26th, particulars given later.

Mr. L. T. Neat is in Louisville this week, packing his samples. He will be on the road in a few days. Tom is a fine salesman and his friends predict that he will drive a good trade.

Dr. N. M. Hancock has removed his family from this place to Cane Valley. The family was only here during the winter months for the purpose of the Doctor's children attending college.

MORGAN DARE SOLD.

Editor Farmers Home Journal:

Have sold the four-year-old stallion, Morgan Dare, to Mr. Chas. Cabell, Miami, Ky. Morgan Dare is a chestnut sorrel, 16 hands, sired by Chester Dare 10, dam a Morgan mare. And while this is the last one of the trio of Chester Dare stallions advertised in Farmers Home Journal for sale by me he is by no means the least. He sold for a good price and is destined to take high rank as a sire of high class combined horses. The breeders of Green and adjoining counties are fortunate in having so promising a young sire located in their midst. E. W. McCORMACK.

o o o

G. L. Harris, sold to M. L. Leach, one eight-months-old colt for \$40. Tarter Cor.

o o o

Dick Tandy of Bliss, was in Gradyville last Tuesday receiving hogs at 61 cents per pound, for the Louisville market.

William Hillis, of Waterview, sold Smith & Nell an extra span of work mules last week for \$350.

o o o

W. L. Grady, bought of R. F. Paull, last Monday, a fine young Stallion by Red Squirrel for \$600. This is one of the most attractive horses in Kentucky, a perfect model and is as slick as a ribbon. He is a full brother to Silver King, a horse that sold for \$1000, by Tom Wilson. The dam of this horse is owned by R. F. Paull, the best brood mare in the State. This gives Mr. Grady three of the best Stallions in Kentucky, headed by the famous Jordan Peacock. Mr. Grady has spent much time and money in the fine horse business, and he should be liberally patronized. Read his "ad" in this week's paper.

Jordan Peacock---The Greatest Horse

In Kentucky

JORDAN PEACOCK will make the present season at Gradyville, Kentucky, and will serve mares at \$15 to insure a living colt one week old. If any mare should lose a colt by carelessness or rough treatment then the season is due. Jordan Peacock has sired more high priced colts than any horse in Kentucky. Cotton and mules have their ups and downs but The Peacocks are Always Up—The Horse Buyers are always Looking for Peacocks, and pay from two to three times as much for them as they do any others. Last Fall his Suckling Colts Sold from \$100.00 to \$135.00; Flowers Bros. sold a 2-year-old mare for \$325; a 4-year-old gelding sold March 8, in a pair for \$825.00. Did you ever know of any other horses in this part the State that sold for such prices? When you breed to Jordan you are going to get a good Colt and one that's ready money as soon as it hits the ground. There have been some men that have sold their colts as soon as they bred the mares. Now if you want to raise the best, bring your mares to Jordan Peacock.

CAPTAIN PEACOCK, A 3-YEAR-OLD STALLION

By Jordan Peacock and Dam by Colonel Tom, will make the season for \$10 to insure. Captain Peacock is the best prospect I have ever seen. He has been shown at the Columbia Fair from a suckling colt up, under halter, single and double, and has won the Blue every time and has defeated some of the best age horses shown at the Fair.

Bring your mares to my Horses and you are sure to get a colt and a good one.

KENTUCKY KING, one of the finest models in the State, Sired by Red Squirrel No. 53 and out of R. F. Paull's brood mare, will make the present season at my stable and will be permitted to serve mares at \$15.00 to insure a living colt, one week old.
